SEATING PLAN CONFIGURATIONS

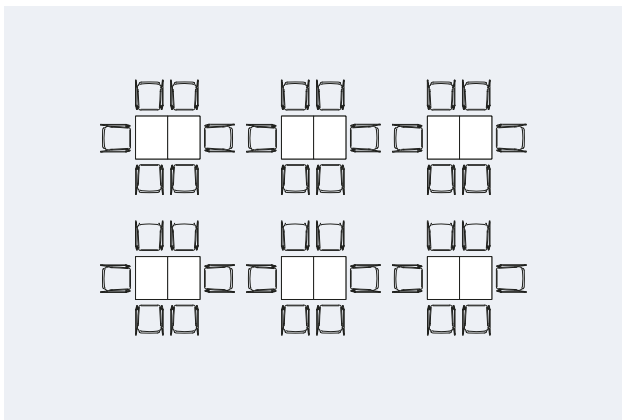

Boardroom

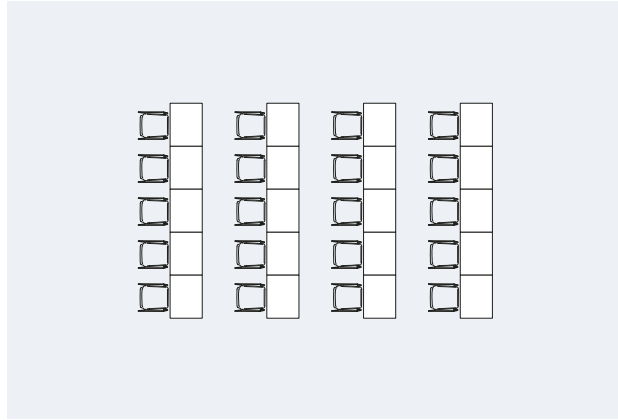

Horseshoe

Theatre

Cabaret

Classroom

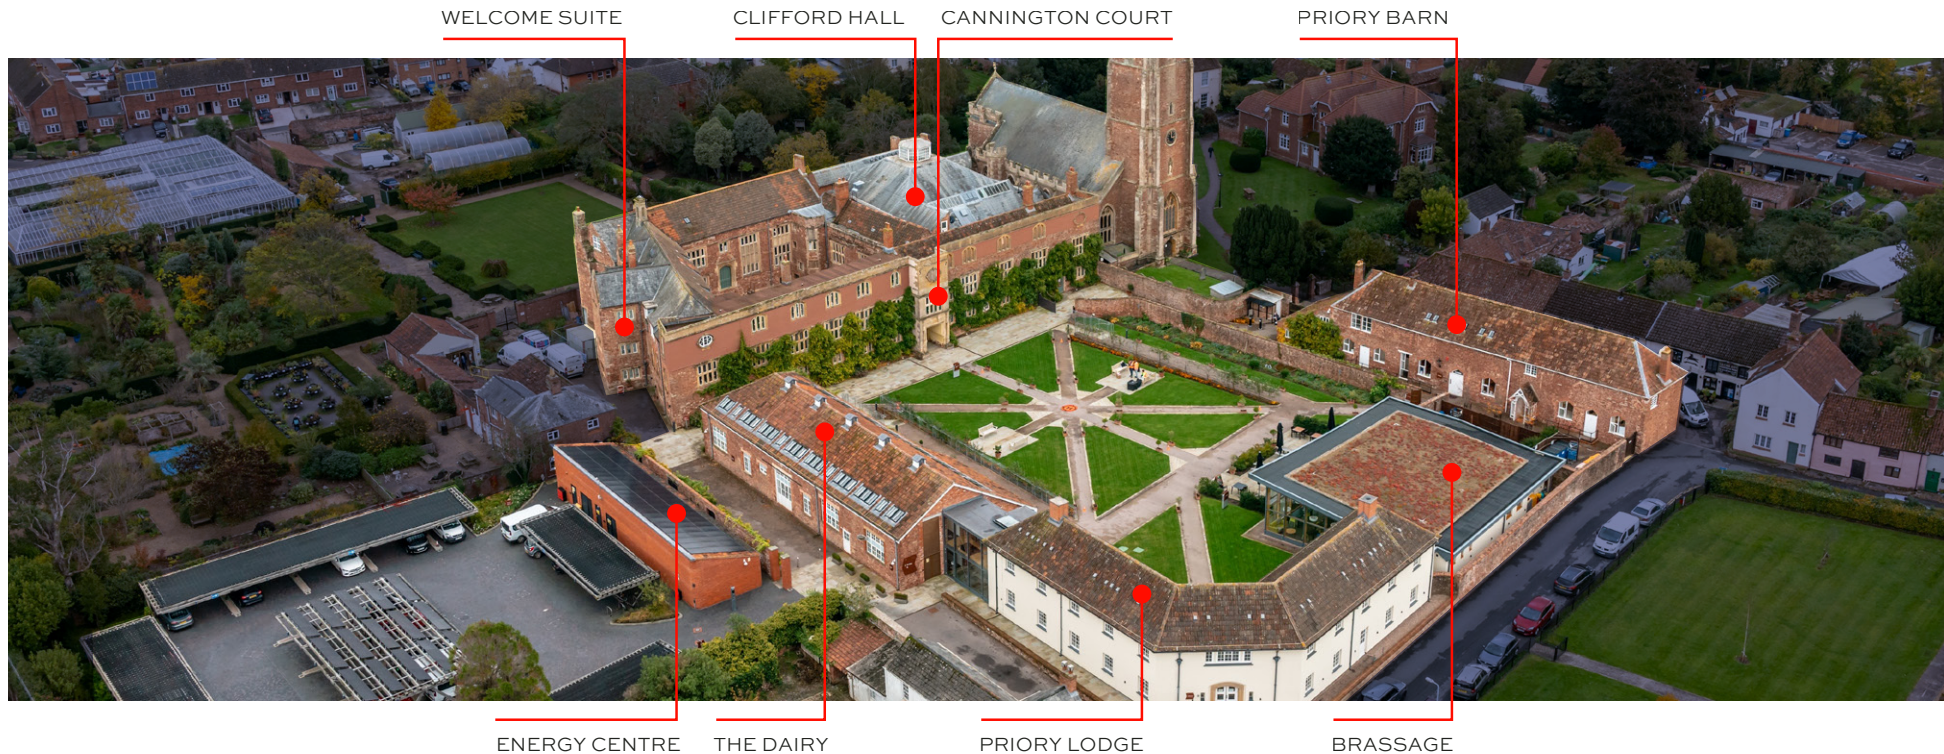

There are countless possibilities in terms of setups but these options are some of the most popular arrangements.

It is important to take the audience and room size into account, as well as the overall goal for the event, when choosing the appropriate layout.

Please refer to the floor plan chart for each room for specific configuration capacity guidance.

GETTING AROUND

CANNINGTON COURT

CANNINGTON COURT - The restored Grade 1 listed building is the focal point of this impressive heritage site - an ancient exterior with a contemporary interior. This is where you will find a range of well-equipped training and interview rooms with attractive breakout spaces.

CLIFFORD HALL - This beautiful auditorium within Cannington Court is an ideal venue for keynote events and conferences.

THE DAIRY - This newly refurbished Grade 2 listed building, linked to Priory Lodge, provides accommodation for residential delegates. Here you will find the Security Team in the Porters' Lodge and you will have a stunning view of Cannington Court from the archway.

THE RESTAURANT (BRASSAGE) - A contemporary building, with a glass frontage, living grass roof, and patio area, this is our restaurant and relaxation area. It is specifically designed as a place for people to meet and interact, to encourage the activity behind its name, 'Brassage' - a concept best described as creating value from the mixing of people and ideas.

PRIORY BARN - A separate Grade 2 listed building with a range of training and lecture rooms as well as the new Virtual Production Suite.

ENERGY CENTRE - This venue showcases our innovative energy technology containing the pumping and heat exchange plant, the battery storage and groundwater tanks. Using ground source heat pumps, solar water heating and photovoltaic panels, the small car park area generates most of the energy requirements for the complex and we even produce cold water to cool our server rooms.
